zuverlässe®

hand in hand with hygiene

Deutsch Technologie

At Zuverlasse, we go beyond supplying premium hygiene and disinfection products we redefine industry standards. Our products are meticulously engineered using cutting-edge technology, ensuring the highest levels of safety, superior performance, and seamless convenience for our customers but our commitment doesn't stop at delivering high-quality solutions. As a trusted leader in hygiene and disinfection, we are driven by a deeper purpose: to promote health, safety, and operational excellence across every environment we serve. With a relentless focus on innovation and expertise, Zuverlasse is setting new benchmarks in the industry empowering businesses with solutions they can truly rely on.

Z SILVER™ ECO

ALDEHYDE – FREE SURFACE AND ENVIRONMENTAL DISINFECTANT

KEY FEATURES & BENEFITS:

01

Dual-Action Formula

Combines Hydrogen Peroxide and Silver Nitrate for rapid, long-lasting antimicrobial action.

02

Prolonged Protection

Silver enhances and sustains the antimicrobial efficacy, preventing regrowth of pathogens.

03

Ideal for Non-Critical Areas

Perfect for disinfection.

04

Available in Multiple Pack Sizes

Convenient packaging options to suit various facility needs, from small clinics to large healthcare institutions.

Z SILVER™ ECO

ALDEHYDE – FREE SURFACE AND ENVIRONMENTAL DISINFECTANT

HAVING EN CLAIMS:

EN13624:2021 (E) Fungicidal & Yeasticidal for medical area
EN14348:2005 (E) Mycobactericidal for medical area
EN13727:2012+A2: 2015(E) Bactericidal for medical area
EN14476:2013+A2: 2019 (E) Virucidal for medical area

DESCRIPTION:

Z Silver™ ECO is a next-generation, aldehyde-free surface and environmental Intermediate level disinfectant formulated with a powerful dual-action of Hydrogen Peroxide which rapidly destroys the cellular components of microorganisms through oxidative stress and Silver Nitrate which enhance and prolong the antimicrobial activity of hydrogen peroxide by destabilizing microbial cell walls and interfering with their enzyme systems. This blend ensures rapid and broad-spectrum antimicrobial efficacy. It offers fast-acting, long-lasting protection.

PACK SIZE:

100 ml (SKU 8001 E)
500 ml (SKU 8000 E)
1 Litre (SKU 8100 E)
2 Litre (SKU 8110 E)
5 Litre (SKU 8111 E)

RECOMMENDED DILUTION:

Surface Disinfection
Concentration required 50 ml in 950 ml DM water and required contact time will be 20 minutes to achieve claims.

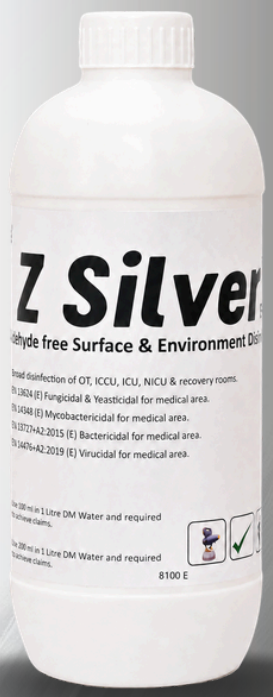
Fogging
Concentration required 200 ml in 800 ml DM water and required contact time will be 20 minutes to achieve claims.

APPLICATION AREA:

Z Silver™ ECO Solution is ideal for disinfecting hospital surfaces, Polyclinics, Dental Clinics, Blood Banks and Diagnostic Laboratories.

COMPOSITION :

Hydrogen Peroxide 11% w/v with Silver Nitrate solution 0.01% w/v



NOTE:

- To reduce evaporation before and after application, close doors and windows and switch off ACs/Fans. Disinfected surfaces must remain in contact i.e. wet with solution for 20 minutes for optimum results.
- Hydrogen Peroxide along with Silver can be toxic, irritant and may cause health issues, please refer MSDS for your reference.
- Discard as per BMW laws.
