ABOUT

BS-Hydro+[®] Wipes are advanced powered with Escalated Hydrogen Peroxide(EHP[™]) Technology, pre-moistened disinfectant wipes meticulously formulated to deliver powerful cleaning and disinfection in a single, seamless step without leaving any residual odour. Infused with Hydrogen Peroxide technology and enhanced by Magnetic Dust Absorption (MDA) Technology, these wipes effectively eliminate 99.99% of bacteria, viruses, and a wide spectrum of harmful pathogens, providing rapid and reliable surface decontamination.

Engineered for efficiency, BS-Hydro+[®] Wipes are safe for use on a broad range of surfaces including vinyl, plastic, glass, stainless steel, and ceramic fixtures. Whether it's soap scum, grime, or stubborn grease, these high-performance wipes break down and lift away contaminants effortlessly, leaving surfaces visibly clean and sanitized. Ideal for use in medical, industrial, and institutional settings, they are especially suited for high-touch points such as doorknobs, handrails, countertops, faucets, switches, and more areas where cross-contamination risks are highest. Compact, disposable, and ready to use, BS-Hydro+[®] Wipes are the smart choice for maintaining optimal hygiene in fast-paced, high-risk environments.
